Dear Friends,

I have a friend, Dr. Susan Shumsky, who is launching a great book, a book that teaches about the chakras in a coloring book of glorious mandalas that she created. Frankly, it's one of those ideas that I wish I had thought of first! However, she did it so well that the best I can do is suggest it to you.

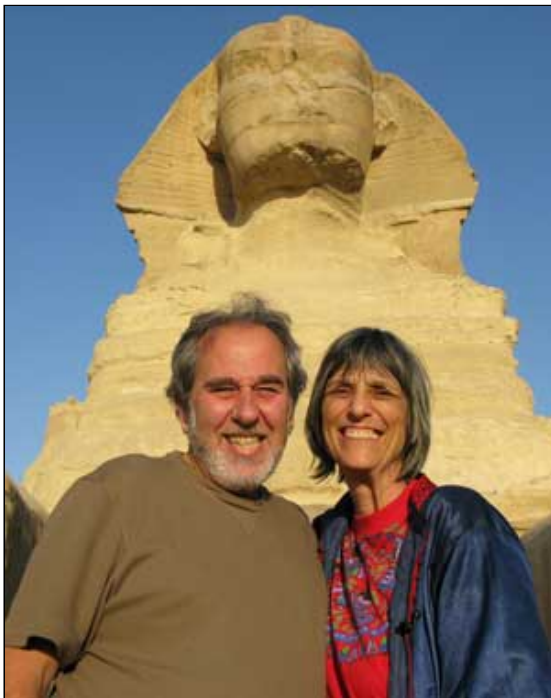

Each of 14 chakras is represented in an exquisitely detailed illustration on each right page, with another beautifully illustrated, thoughtfully researched description on each left page. Dr. Shumsky, says: "There's so much information packed into the explanation on those left pages – you can learn everything about your chakras and then bring them to life through the act of coloring."

Susan is launching her book on Wednesday, June 22, which means that if you order *Color Your Chakras* on June 22, you will receive hundreds of dollars worth of additional bonus gifts from famous authors, including one from me. Go to <http://chakrascoloringbook.com>.

The gift I am offering is a recording of a one hour and fifteen minute presentation I did with famed cell biologist Bruce Lipton, PhD at the Oregon Country Fair some years ago. It is still quite relevant, and includes a beneficial shamanic journey initiation.

It will also give you a taste of what it is like when Bruce and I get together, as we plan to do **July 15 and 16 in Seattle**, sponsored by East West Bookshop. In this rare collaboration Bruce will articulate the most recent discoveries in cell biology and biophysics and I will provide shamanic journeys and initiations that will illustrate the scientific concepts he describes. For example, when Bruce gives the

scientific explanation of how energetic and spiritual healing and transformation work, I will illustrate his scientific concepts by calling volunteers from the audience to demonstrate Alchemical Healing, the comprehensive healing form I've co-created with Thoth, and that is published in my book, Alchemical Healing: A Guide to Spiritual, Pphysical and Transformational Medicine. All participants will be initiated so that you can experience using the tools of Alchemical Healing to work on yourself and/or those called to the stage.

Once again, I urge you to go to Amazon on June 22 and buy a copy of Color Your Chakras by using the link, <http://chakrascoloringbook.com>. I plan to purchase three—one each for two of my granddaughters, and one for me.

*Enjoy,
Nicki Scully*
