

## Standards Of Practice

- Use the Alchemical Healing Manual as the foundational guide for teaching your classes.
- Provide Alchemical Healing Certificates to your students via email.
- Respond to all Alchemical Healing-related emails and voicemails promptly.
- Utilize a client information form for new clients during Alchemical Healing sessions
- Ensure a safe, comfortable, and harmonious environment for your sessions and classes.
- Conduct sessions and trainings either in person or online.
- Follow the Alchemical Healing Class Outlines provided in the Alchemical Healing Teachers Manual. While the content must be covered to maintain continuity, the arrangement can be adjusted as desired. Additional topics may be included at the teacher's discretion.
- Maintain minimum class durations:
  - 15-20 hours for each level.
  - For online courses, allocate at least 15 hours of instruction and an additional 5 hours as homework.

As a member you will have access to the Manual, Certificates, Logos, Images, Forms and Documents, all available on the Teachers Resource page of Nicki's website.

*Meaningful deviations from the guidelines require pre-approval and will be submitted to the Alchemical Healing Collective for review and comment prior to implementation.*
