Dear Friends,

Changes, additions, subtractions—it's never the same around here, especially in the garden during Spring. One thing is for sure, we will have enough food and flowers to delight the hearts and stomachs of all who visit our home/center this season!

Alchemical Astrology, Tarot & The Anubis Oracle

We're starting with an amazing two day workshop with Christine Payne-Towler, a renowned tarot and astrology master. She and I will be co-leading Alchemical Astrology and Tarot at my home here in Eugene. You are most likely to know of Christine from her TarotUniversity.com site, as she did all the text for the AOL tarot program once upon a time. She's also an amazing scholar of hermetics and all things esoteric. I can't wait to learn from her.

Here is a link to [her last note about the workshop](#), in case you missed it in the last newsletter...

Power Animals, Plant Spirits, and Other Spirit Allies

It's time for another tele/web/Skype class on Power Animals, Plant Spirits, and Other Spirit Guides for four evenings June 17, 19, 24 and 26 from 6-7:30PM/Pacific.

This class is always interesting and fun as it is always different depending upon who shows up to play. We will journey to meet new allies and friends, and learn how to apply their gifts and knowledge to healing and helping ourselves, our communities, and the world.

Normandi Ellis and I have moved our [free Introduction to the Egyptian Mysteries](#) to Wednesday, July 2 from 6-7:30PM/Pacific. Please join us. This will be a great opportunity for you to ask questions, find out what we're up to with our Egyptian Mysteries Retreat this September, [The Magical Bonds of Isis & Thoth](#), and receive a new empowerment from Thoth and Isis.

And of course we have our [free Planetary Healing Call to Action](#) tele/web/Skype call on May 31st. As promised, we will be working on the "bomb trains" and related issues around the use of fossil fuels and how to deal with them on a spiritual level. Our ceremony will be powerful, and together we can make a difference!

Alchemical and Planetary Healing Intensive Seven Day Retreat

Another opportunity to play in the garden with me is in August. I'll be doing my yearly Alchemical, Personal and Planetary Healing Intensive Retreat, this time for seven days only—so come prepared to work hard, play hard, and learn all you need to practice healing creatively and with confidence. This retreat will also earn many, many hours of CEUs for Oregon Massage Therapists so please share!

Which reminds me—my husband Mark Hallert and I will be doing a workshop together at the **Oregon Country Fair** on Alchemical & Planetary Healing. Details to come.

Speaking of Alchemical Healing, I am proud to announce our first Alchemical Healing teacher in London, Quebec, Canada—Nicole Balogh. She is delightful, joyful, talented, and deep. Her understanding of Alchemical Healing and Shamanism combine to create a very special dimension to her classes.

Just a few more new things...Regarding 2015: I'm postponing my **March tour to Egypt** because of book publishing timelines. The new dates are October 28 to November 11th, 2015. We are still working out the final details, however we will have the same itinerary and with two freshly written books on Egypt, this should be quite an interesting tour!

It's probably a bit too early to announce, but I'm just so excited—I will be teaching on a cruise ship tour of the Inland Passage to Alaska from Seattle and back. Seven days of peace and beauty devoted to shamanism. I can't wait! June 12-19, 2015, which includes my 72nd birthday, so we'll be sure to make it a party as well. Not all details are available yet, but please let my office know if you are interested and we'll let you know how to register as soon as we have more information.

Please note my dear friend Camille Cole's upcoming workshops in Portland, **listed below**. She is a wonderful writer, extremely bright, and for anyone that is interested in where to find funding and support for writers and publishers, and/or researching and writing your family history, I highly recommend her.

I hope to see you soon, especially at the **Planetary Healing Call to Action**. There has got to be a way we can co-create basic change in the fundamental problems that come with our dependance on fossil fuels.

Blessings and Love,
Nicki Scully

Funding for Writers and Publishers

Portland writer Camille Cole offers two day-long workshops in June at Indigo Editing

June 7:

Funding for Writers & Publishers: Learn where to find funding and other types of support for your writing and publishing projects. Following a day-long session of hands-on work, you'll take home a list of funding resources and receive one complimentary follow-up consultation on your project and funding proposal.

June 21:

Researching & Writing Family History: Discover where you can find records of personal history and put your family history puzzle together. Learn ways to turn your story, a family member's story, or a family story into readable and engaging narrative. Cost includes a copy of Camille's recent historical narrative: The Brass Bell, the life story of an amazing great aunt told against the backdrop of American history.
