Oregon Country Fair Opening Ceremony

*Dear Friends,*

*I can't believe it's already Friday, and I feel like I'm just surfacing from the magic and wonder of the 45th Annual Oregon Country Fair last weekend. Between the rituals, ceremony, my Alchemical Healing presentation with Mark, and getting to experience the Fair through the three year old eyes of my granddaughter Blue, life just doesn't get any better.*

*This year I passed the mantle of Director of Altared Space to my friend and colleague Indigo Ronlov. She, with the indispensable help of Amanda Starlight and about 30 dedicated Altar Babes, made the transition a smooth one. Indigo brings a depth of spiritual wisdom and vast creative view to both honor the last 17 years and allow for the emergence of new possibilities. It is interesting to watch the interface between us old timers and the exciting new energies that are enriching our sacred temple.*

*For the past four years we have honored each of the four sacred elements during the Opening Ceremony and throughout the Fair (ceremony designed by Indigo). This year's honoring of the sacred fire and its transformative and creative attributes was the most remarkable Opening Ceremony yet. It's hard to imagine what next year will bring. Because we were paying our respects to fire, we kept the fire burning in its own beautiful space next to the temple throughout the weekend, compounding the power and mystery of the night temple. It was particularly insightful to witness the holding of fire in such a sacred manner during this volatile time on the planet. Between the altar and the fire, came some of the most profound magic of the weekend.*

## Free Planetary Healing Call to Action

*Tuesday, August 5th at 6pm/Pacific*

Meanwhile, fire power on the planet has gone bonkers and it's time for another free Planetary Healing Call to Action. We are certainly not short of situations and reasons to practice our Planetary Healing: Spirit Medicine for Global Transformation work. As always, I appreciate your comments and suggestions when you **register for the call here...** Please visit **PlanetaryHealingBook.com** to explore the archives and listen to past global healing ceremonies, and learn more about our ever growing community. Please spread the word so that we can apply the exponential power of our numbers to our healing work.

*In my circle of friends, there has been an uptick in those suffering from cancer. Almost everyone I know has someone in their family or close circle of friends who is going through it. For eight years, I held bi-monthly free cancer phone bridge calls, many of which are archived for all to listen to **here**. If you feel it's time for me to give another live phone bridge, please drop a return to indicate your interest and if there is enough of you, I'll set one up soon. Also, we still have copies of the **Cauldron Journey for Healing with Kuan Yin** CD, and **And You Will Fly...** for children dealing with potentially terminal diseases. These are on Hathor's Mirror and you may have them for free simply by mentioning that in the order. It just doesn't seem right anymore for anyone to have to die from cancer, AIDS, or leukemia.*

## **Egypt is Still Calling Dates**

*Although our November 2014 trip is full, we are taking deposits for a [wait list](#) and for October-November 2015. I keep thinking I'm complete with that level of travel, however it's obvious Egypt is not complete with me and there is nothing I enjoy more than sharing my beloved Egypt with those who are drawn to join me. We spend nine nights sailing the Nile on our private dahabeya (it's like a yacht, only nicer), stopping at temples and villages along the way. To see a video of the go to this [YouTube video](#). We also have a personal chef to accommodate whatever needs you may have. Because of the intimacy and privacy of our experiences I can't fathom not going back for another deep and rewarding pilgrimage filled with magic and mystery like no other place on the planet. Call me if you have any questions or simply [go to the tour page](#) and you can register online.*

*I recently did an interview with my old Wise Woman herbalist friend, Susun Weed. You can reach it directly on [WiseWomanRadio.com](http://WiseWomanRadio.com), or on my website on our [radio interviews page](#).*

*May the rest of your summer be filled with creativity, productivity, joyful merriment, good health and love.*

*Blessings,  
Nicki Scully*
